COMPANY PROFILE

Perfect was formed in the year 1990 as a L.T. C.T. manufacturers. Inspired by the overwhelming response, the manufacturing range was further upgraded upto 33 kV class backed by team of technocrats. Today, we are recognized as one of the reputed manufacturers of Instrument Transformers. Our Instrument Transformers upto 33 kV class are fully type tested from CPRI and ERDA. Our plant is well equipped with manufacturing and testing equipments. We have the privilege of having a long list of clients both private and public sectors including State Electricity Boards.
